## GROHE BLUE® CHILLED & SPARKLING 2.0

### Ultimate refreshment from your kitchen faucet

Still, lightly sparkling or full sparkling water? GROHE Blue Chilled & Sparkling combines the modern look of a designer faucet with a high-performance filter, cooler and carbonator – and is as easy to use as an ordinary kitchen faucet. The right handle on the faucet is used to mix hot and cold tap water as usual. The left handle with integrated coloured LED display regulates the carbonic acid content of the filtered and chilled water.

The carbonator adds especially fine bubbles of carbonic acid to the filtered and chilled water to produce lightly sparkling or sparkling water according to taste.

Now available in C Pull-Down and L Pull-Out spout style options.

# GROHE BLUE® PURE

## **The natural taste of still water from your faucet**

GROHE Blue Pure is the alternative for purified, still water straight from your kitchen faucet. The unique GROHE Blue filter technology turns ordinary tap water into fresh tasting water, removing all of the substances that can impair its taste.

Featuring a GROHE StarLight® Chrome finish, the faucet has separate internal waterways – one for filtered water and the other for unfiltered water. GROHE Blue filter cartridge is available in a variety of sizes and can purify up to 3000 liters (800 gallons) of water. It delivers a pure, refreshing taste experience with no aftertaste of heavy metals, limescale or chlorine.

# GROHE TOUCH TECHNOLOGY

Innovative, easy-to-use and immensely practical, the advantages of GROHE's Touch faucets are obvious. Inside GROHE's elegant design is the latest technology to keep your kitchen clean all day long. Touch anywhere on the spout once with your wrist or forearm and cool water springs from the faucet. Touch again and it stops. No hand prints or greasy marks on the handle.

The benefits in a busy kitchen are both practical and visual. Leaving the faucet's sparkling surface free of marks, this light-touch control prevents cross-contamination in your kitchen caused by germs and bacteria on the handle. It also reduces the burden of cleaning. You can cook up a storm and start and stop the flow of water as often as you like without leaving a trace on your faucet.

Safety is paramount, especially if you have little ones in the kitchen. That's why the Touch function is available with cold water, so there is no risk of scalding. Prefer warm water? Simply upgrade with our GrohTherm® Micro, a small thermostat fitted under the sink that delivers the perfect temperature every time, with no danger of scalding.

**Simple activation/deactivation  
of the waterflow by touch.**

**Manual control**

# GROHE LADYLUX<sup>3</sup> CAFÉ TOUCH

## Love at first touch

Elegant, functional and ergonomic, Ladylux<sup>3</sup> Café is the natural choice for today's hard-working kitchen. And now it is available with even more ingenious technology with the introduction of the Ladylux<sup>3</sup> Café Touch.

Turn the water flow on and off with just a touch to the spout with your wrist or forearm. No more finger prints to clean and no fear of cross contamination. The sleek design with a wide swivel spout remains unchanged, but the immaculate finish will stay cleaner, for longer. Choose your Touch function in a cold water-version or upgrade with an under-sink GrohTherm® Micro thermostat for perfectly controlled warm water and no danger of scalding.

## GROHE MINTA® TOUCH

### Simple – sensual – moving

GROHE's successful kitchen range Minta takes another step with our latest innovation.

The GROHE Minta Touch comes with a small but distinctive difference: Enhanced with Touch technology, it instantly reacts to the slightest touch, enabling you to turn it on and off without leaving a mark on its surface. There is no need to use the handle if your hands are dirty from cooking. Just tap the faucet with the wrist or forearm for perfect control every time.

This practical, hygienic technology is seamlessly integrated, meaning Minta retains the same gorgeous good looks as before. It's available as a pull-down faucet with a curved C-shaped swivel spout or a pull-out faucet with a striking L-shaped swivel spout—the choice is in your hands.

Minta Touch has been approved and recommended for use by the elderly and those with physical disabilities. It has been tested and rated "good" by the Institute for Gerontotechnik for Barrier Free Building, due to its one-touch operating technology and ergonomic design.

## GROHE LADYLUX<sup>3</sup> CAFÉ FOOT CONTROL

Introduce elegant, functional and ergonomic design to your kitchen while enjoying the effortless functionality of hands-free operation with GROHE's Ladylux<sup>3</sup> Café Foot Control faucet. The sleek lines with a wide swivel spout remain the same while the GROHE Foot Control lets you keep your hands free and your faucet germ-free. With a pull-out dual spray feature and the dazzling, durable GROHE StarLight® finish, the Ladylux<sup>3</sup> Café Foot Control is the perfect choice for a fuss-free kitchen design.

# GROHE K7® FOOT CONTROL

Unlock the professional potential of your kitchen with the K7 Foot Control faucet. Enjoy the high-performance of the K7's professional spray feature and extractable hose combined with the convenience of Foot Control technology. The faucet's crisp architectural styling makes it a design feature in itself, but the exceptional pro-level features mean it's more than a match for any task. For busy kitchens where efficiency is a must the K7 Foot Control faucet puts you in total control – and leaves your hands free for other tasks.

**30 314 000/DC0**  
Semi-pro faucet

# GROHE K7<sup>®</sup> SEMI-PRO

**With the GROHE K7, we are redefining the focal point of your kitchen.**

In the kitchen, a lot depends on skill and timing. Professional chefs know this better than anyone. That is why K7 has been developed with the input from chefs in professional kitchens and geared to the needs of home chefs.

**Design and functionality in perfect harmony.**

With the minimalist design idiom of GROHE K7, designer Paul Flowers has accentuated the aesthetics of high-end, purist kitchens and combined perfect beauty with perfect function. GROHE K7 is so functional that you can devote your full attention to what you are doing. The professional spray can be pulled out, turned and swivelled 360° and operated with one hand. Furthermore, you can switch back and forth between the spray and mousseur without having to turn off the water.

## GROHE EUROCUBE® SEMI-PRO

### **Geometric Styling Meets Superior Functionality**

GROHE Eurocube is a kitchen centerpiece that exudes architectural appeal with cutting-edge, geometric styling and pristine quality.

Eurocube semi-pro faucet with a pull-out spray head was designed as a professional tool for cooks who enjoy comfort and convenience in the kitchen. Mounted on a spring hose with 360° movement, the toggle spray function allows for seamless switching back and forth between regular water flow and spray without turning off the water, offering ultimate flexibility and a truly professional performance. Developed in response to the rising number of home chefs who prefer commercial-grade function, this new semi-professional faucet features a striking appearance in addition to its superior features.

Eurocube also features two of GROHE's trademark technologies. GROHE SilkMove® ensures smooth and precise control of the water flow, while GROHE StarLight® finish provides a scratch and tarnish-resistant surface for a lifetime of beauty.

## GROHE ESSENCE™ SEMI-PRO

### **Delicate design, powerful features**

Clean lines and cylindrical modern design make the GROHE Essence™ New the natural choice for today's cosmopolitan kitchen. The extended comfort spout height embodies minimalist beauty in its purist form, while the pull-out dual spray with toggle function allows for seamless switching between spray and regular water flow. Furthermore, the forward-rotating lever handle eliminates backsplash interference. GROHE SilkMove® technology, makes one-finger control of both water temperature and volume effortless, even with wet hands. It is available in the deep and lustrous GROHE StarLight® Chrome and SuperSteel InfinityFinish™.

The colour hoses shown are each sold separately and can be easily installed to replace the original hose.

grohe.ca

# GROHE CONCETTO™ SEMI-PRO

## Designed for maximum comfort & efficiency

Who says stylish, high-performance faucets have to break the bank? The new Concetto dual spray pull-down faucet offers a high-style design and high-tech features that provide superior performance and value to the kitchen. Its dynamic and clean design creates a fresh, modern look that will add a contemporary touch to your kitchen. GROHE SilkMove® technology, makes one-finger control of both water temperature and volume effortless, even with wet hands. It is available in the deep and lustrous GROHE StarLight® Chrome and SuperSteel InfinityFinish™.

**31 492 000/DC0**  
Semi-pro faucet

## GROHE CONCETTO™

### **Consistently cylindrical**

Concetto combines stylish minimalist design with superior ergonomics. Consisting of a series of cylinders, an arched or medium height spout rises elegantly from the sink. Its purist beauty is highlighted by the high-gloss GROHE StarLight® Chrome finish, which repels dirt and prevents tarnishing. GROHE SilkMove® technology enables fingertip control of water flow and temperature. And all with an unbeatable price performance ratio.

Coordinated prep sink and a bar sink faucet expand the Concetto range to offer a complete design solution.

**31 453 001/DC1**  
Dual spray pull-out

## GROHE CONCETTO™ PULL-OUT

### **A visual feast for the eyes**

Uniting simple geometric forms for a vibrant, clean and contemporary design, GROHE Concetto Pull-Out features a solid metal, pull-out locking dual spray control that easily switches back and forth between regular flow and spray. An adjustable flow rate limiter ensures the potential for maximum environmental efficiency, while the EasyDock system guarantees easy retraction and smooth docking for the pull-out spray head, every time. Integrated GROHE SilkMove® technology makes one-finger control of both water temperature and volume effortless, even with wet hands.

With a dynamic design and superior ergonomics, Concetto Pull-Out creates a fresh, modern look that will add a contemporary touch to your kitchen.

# GROHE LADYLUX® L2

## Reimagined form and function

While maintaining the legendary dependability of the original, the Ladylux® L2 Faucet Collection garners attention for its sleek, minimalist design and innovative features, both essential in today's well-appointed home. Uniquely suited to equip and coordinate your entire kitchen, this contemporary collection features enhanced functionality in a variety of styles.

From effortless touch technology and triple spray functions to magnetic pull-down spray heads and pot fillers, every faucet is thoughtfully engineered for maximum efficiency and superior performance, hallmarks of the GROHE heritage.

# GROHE LADYLUX<sup>3</sup> CAFÉ & LADYLUX<sup>®</sup> PRO

## Elegance and harmony combined

Ladylux<sup>3</sup> Café and Ladylux Pro combine contemporary design and maximum functionality with proven reliability for rigorous everyday use.

The Ladylux<sup>3</sup> Café mixer with pull-down spray has been completely redesigned with a cleaner spray design and a new dual control button with locking feature, making switching between spray modes effortless. Ladylux<sup>3</sup> Café and Ladylux<sup>®</sup> Pro come in two high-quality finishes: our high-gloss GROHE StarLight<sup>®</sup> Chrome or the durable GROHE RealSteel<sup>®</sup> with anti-bacterial properties. Whichever you choose, GROHE SilkMove<sup>®</sup> will ensure long-lasting, smooth movement. GROHE SpeedClean<sup>®</sup> lets you remove limescale from the nozzle with a single wipe.

## GROHE ESSENCE™

### **Cosmopolitan design**

Clean lines and cylindrical modern design make GROHE Essence™ the natural choice for today's cosmopolitan kitchen. The extended comfort spout height embodies minimalist beauty in its purist form, while the pull-out dual spray with toggle function allows for seamless switching between spray and regular water flow. In addition, the forward-rotating lever handle eliminates backsplash interference. The new 28mm cartridge allows for a sleeker, more refined body, while the integrated temperature limiter can be individually set to the desired maximum water temperature to prevent scalding.

Encompassing minimalist beauty in its purist form, GROHE Essence is understated elegance with refined innovation. It is available in the deep and lustrous GROHE StarLight® Chrome, SuperSteel InfinityFinish™, Hard Graphite, Polished Nickel InfinityFinish™ and Brushed Cool Sunrise.

## GROHE MINTA®

### **The timeless classic: modern, attractive and versatile**

GROHE Minta is available with a choice of three striking spout versions that blend harmoniously into the modern kitchen aesthetic. Reminiscent of the graphic forms of the letters C, U and L, they feature a tubular swivel spout and pull-out mousseur or pull-out spray, while the comfortable height of the spout makes it easier to fill tall pots.

The elegant operating handle ensures easy and precise operation thanks to GROHE SilkMove® technology. GROHE StarLight® technology guarantees a long-lasting shine to the chrome finish. Users will particularly enjoy the ease with which water savings can be made using the patented GROHE EcoJoy™.

# GROHE BRIDGEFORD®

## **Traditional styling with contemporary performance**

For those who surround themselves with the comfort of a simpler time, Bridgeford completes a traditionally styled kitchen without sacrificing 21st century performance. Old-world detailing is perfected on the Bridgeford bridge and bar faucets, while the pull-down dual-spray model brings modern functionality to a Victorian-styled kitchen. Bridgeford kitchen faucets feature GROHE SilkMove® technology for effortless water control and are available in GROHE's durable oil rubbed bronze finish, striking GROHE StarLight® Chrome and attractive SuperSteel InfinityFinish™.

**33 870 002/DC2/ZB2**  
Dual spray pull-down

# GROHE PARKFIELD®

## Inspired by the simplicity of nature

Inspired by the simplicity of nature and the elegance of classical forms, the new GROHE Parkfield faucet offers users a tactile experience with a rounded handle and curved body, beautifully highlighted by both the GROHE StarLight® Chrome and SuperSteel InfinityFinish™ options. Ease of use is at the heart of Parkfield, with a pull-out spray with locking feature that lets you switch easily between two spray modes, perfect for rinsing the sink or washing vegetables. The faucet also incorporates GROHE's SpeedClean® nozzle, which lets users remove limescale with a single swipe of the finger. Parkfield's mix of comfort, flexibility and perfect control not only makes preparing food easy, but cleaning up afterwards is a breeze, too.

Coordinated prep sink faucet expands the Parkfield range to offer a complete design solution.

grohe.ca

## GROHE EUROS<sup>®</sup>MART PULL-OUT

### For modern lives

The new GROHE Eurosmart combines practicality and distinctive design to provide unrivalled performance and uncompromising style. Including an integrated temperature limiter that sets a maximum temperature to avoid scalding and EasyDock technology for easy retraction; GROHE Eurosmart provides effortless control for even the busiest kitchen. With an elegantly curved spout and solid cylindrical body, the new Eurosmart is a good-looking central feature in your kitchen that is also dependable, time after time.

**33 330 002**  
Dual spray pull-out

## GROHE **EURODISC® COSMOPOLITAN**

### **Leaves no wish unfulfilled**

Eurodisc Cosmopolitan was developed for discerning individuals, who appreciate the attention to detail and nuances. The high-gloss chrome finish elegantly emphasizes the tapered edges. You can expect the same perfection in the functionality of the faucet as in its form.

Eurodisc Cosmopolitan offers a streamlined modern design, durable solid brass body and dual-spray control that allows for easy switching from regular water flow to spray. Cleanup is a breeze thanks to our SpeedClean® anti-lime system, which keeps the spray function like new.

# GROHE SUPERSTEEL INFINITYFINISH **SUPER LOOKS – SUPER RESISTANCE**

A kitchen faucet needs to be resistant, durable, functional as well as beautiful. GROHE's SuperSteel InfinityFinish™ surface delivers. In fact, the innovative PVD coating is ten times more scratch-resistant than chrome. The silk-matte stainless steel surface not only looks unbelievably good, but also demonstrates its durability in daily use. Fingerprints on the surface? Not here. And nowhere on the surface for microbes and bacteria to lurk either, which greatly reduces the microbial count. So the surface of the faucet stays hygienically clean, day after day.
