GROHE BLUE® CHILLED & SPARKLING 2.0

Ultimate refreshment from your kitchen faucet

Still, lightly sparkling or full sparkling water? GROHE Blue Chilled & Sparkling combines the modern look of a designer faucet with a high-performance filter, cooler and carbonator – and is as easy to use as an ordinary kitchen faucet. The right handle on the faucet is used to mix hot and cold tap water as usual. The left handle with integrated coloured LED display regulates the carbonic acid content of the filtered and chilled water.

The carbonator adds especially fine bubbles of carbonic acid to the filtered and chilled water to produce lightly sparkling or sparkling water according to taste.

Now available in C Pull-Down and L Pull-Out spout style options.

GROHE SMARTCONTROL®

Uniquely designed to make everyday tasks effortless, the exclusive GROHE SmartControl button is conveniently located at the tip of the spout. Simply push the button to start water flow, push again to shut water off, ideal when hands are sticky or occupied. Turn the SmartControl button to adjust water volume from a soft stream to a powerful flow, perfect for rinsing vegetables or quickly filling pots. A gentle turn of the valve at the base of the faucet delivers the perfect water temperature.

The GROHE SmartControl kitchen faucets are precision engineered, incorporating time-tested GROHE features for lasting beauty and superior performance.

Sleek Design

No lever or handles to obstruct the clean lines of each style

Push-Button Convenience

SmartControl button for on/off ease and hands-free capability

Temperature Adjustment

Regulate water temperature by turning dial at base of faucet

Pull-Out Spray Head

Allows for optimal reach within the sink

Swivel Spout

Increases flexibility and convenience

GROHE ZEDRA SMARTCONTROL®

Elegance engineered to endure

The GROHE Zedra SmartControl Kitchen Faucet makes everyday tasks effortless. Equipped with the exclusive GROHE SmartControl button at the tip of the pull-out spout, it allows for easy push-button on/off and hands-free convenience. Newly redesigned with a perfectly tapered base and no lever to regulate or handles to fine-tune, this sleek, streamlined design makes an impression in every kitchen.

GROHE ESSENCE™ SMARTCONTROL®

Delicate design, powerful features

The GROHE Essence SmartControl Kitchen Faucet makes everyday tasks effortless. Equipped with the exclusive GROHE SmartControl button at the tip of the pull-out spout, it allows for easy push-button on/off and hands-free convenience. Distinctly different with a gently curved, cylinder base and no lever to regulate or handles to fine-tune, this sleek, streamlined design makes an impression in every kitchen.

Manual control

GROHE TOUCH TECHNOLOGY

Innovative, easy-to-use and immensely practical, the advantages of GROHE's Touch faucets are obvious. Inside GROHE's elegant design is the latest technology to keep your kitchen clean all day long. Touch anywhere on the spout once with your wrist or forearm and cool water springs from the faucet. Touch again and it stops. No hand prints or greasy marks on the handle.

The benefits in a busy kitchen are both practical and visual. Leaving the faucet's sparkling surface free of marks, this light-touch control prevents cross-contamination in your kitchen caused by germs and bacteria on the handle. It also reduces the burden of cleaning. You can cook up a storm and start and stop the flow of water as often as you like without leaving a trace on your faucet.

Safety is paramount, especially if you have little ones in the kitchen. That's why the Touch function is available with cold water, so there is no risk of scalding. Prefer warm water? Simply upgrade with our GrohTherm® Micro, a small thermostat fitted under the sink that delivers the perfect temperature every time, with no danger of scalding.

GROHE MINTA® TOUCH

Simple – sensual – moving

GROHE's successful kitchen range Minta takes another step with our latest innovation.

The GROHE Minta Touch comes with a small but distinctive difference: Enhanced with Touch technology, it instantly reacts to the slightest touch, enabling you to turn it on and off without leaving a mark on its surface. There is no need to use the handle if your hands are dirty from cooking. Just tap the faucet with the wrist or forearm for perfect control every time.

This practical, hygienic technology is seamlessly integrated, meaning Minta retains the same gorgeous good looks as before. It's available as a pull-down faucet with a curved C-shaped swivel spout or a pull-out faucet with a striking L-shaped swivel spout—the choice is in your hands.

Minta Touch has been approved and recommended for use by the elderly and those with physical disabilities. It has been tested and rated "good" by the Institute for Gerontotechnik for Barrier Free Building, due to its one-touch operating technology and ergonomic design.

GROHE SUPERSTEEL INFINITYFINISH™ SUPER LOOKS – SUPER RESISTANCE

A kitchen faucet needs to be resistant, durable, functional as well as beautiful. GROHE's SuperSteel InfinityFinish surface delivers. In fact, the innovative PVD coating is ten times more scratch-resistant than chrome. The silk-matte stainless steel surface not only looks unbelievably good, but also demonstrates its durability in daily use. Fingerprints on the surface? Not here. And nowhere on the surface for microbes and bacteria to lurk either, which greatly reduces the microbial count. So the surface of the faucet stays hygienically clean, day after day.

GROHE ESSENCE™ SEMI-PRO

Delicate design, powerful features

Clean lines and cylindrical modern design make the GROHE Essence the natural choice for today's cosmopolitan kitchen. The extended comfort spout height embodies minimalist beauty in its purist form, while the pull-out dual spray with toggle function allows for seamless switching between spray and regular water flow. Furthermore, the forward-rotating lever handle eliminates backsplash interference. GROHE SilkMove® technology, makes one-finger control of both water temperature and volume effortless, even with wet hands. It is available in the deep and lustrous GROHE StarLight® Chrome, SuperSteel InfinityFinish™, Hard Graphite, Polished Nickel InfinityFinish™ and Brushed Cool Sunrise.

The colour hoses shown are each sold separately and can be easily installed to replace the original hose.

GROHE K7[®] SEMI-PRO

With the GROHE K7, we are redefining the focal point of your kitchen

In the kitchen, a lot depends on skill and timing. Professional chefs know this better than anyone. That is why K7 has been developed with the input from chefs in professional kitchens and geared to the needs of home chefs.

Design and functionality in perfect harmony

With the minimalist design idiom of GROHE K7, designer Paul Flowers has accentuated the aesthetics of high-end, purist kitchens and combined perfect beauty with perfect function. GROHE K7 is so functional that you can devote your full attention to what you are doing. The professional spray can be pulled out, turned and swivelled 360° and operated with one hand. Furthermore, you can switch back and forth between the spray and mousseur without having to turn off the water.

GROHE EUROCUBE® SEMI-PRO

Geometric Styling Meets Superior Functionality

GROHE Eurocube is a kitchen centerpiece that exudes architectural appeal with cutting-edge, geometric styling and pristine quality.

Eurocube semi-pro faucet with a pull-out spray head was designed as a professional tool for cooks who enjoy comfort and convenience in the kitchen. Mounted on a spring hose with 360° movement, the toggle spray function allows for seamless switching back and forth between regular water flow and spray without turning off the water, offering ultimate flexibility and a truly professional performance. Developed in response to the rising number of home chefs who prefer commercial-grade function, this new semi-professional faucet features a striking appearance in addition to its superior features.

Eurocube also features two of GROHE's trademark technologies. GROHE SilkMove® ensures smooth and precise control of the water flow, while GROHE StarLight® finish provides a scratch and tarnish-resistant surface for a lifetime of beauty.

GROHE CONCETTO™ SEMI-PRO

Designed for maximum comfort & efficiency

Who says stylish, high-performance faucets have to break the bank? The new Concetto dual spray pull-down faucet offers a high-style design and high-tech features that provide superior performance and value to the kitchen. Its dynamic and clean design creates a fresh, modern look that will add a contemporary touch to your kitchen. GROHE SilkMove® technology, makes one-finger control of both water temperature and volume effortless, even with wet hands. It is available in the deep and lustrous GROHE StarLight® Chrome and SuperSteel InfinityFinish™.

32 665 003/DC3
Dual spray pull-down

GROHE CONCETTO™

Consistently cylindrical

Concetto combines stylish minimalist design with superior ergonomics. Consisting of a series of cylinders, an arched or medium height spout rises elegantly from the sink. Its purist beauty is highlighted by the high-gloss GROHE StarLight® Chrome finish, which repels dirt and prevents tarnishing. GROHE SilkMove® technology enables fingertip control of water flow and temperature. And all with an unbeatable price performance ratio.

Coordinated prep sink and a bar sink faucet expand the Concetto range to offer a complete design solution.

31 453 001/DC1
Dual spray pull-out

GROHE CONCETTO™ PULL-OUT

A visual feast for the eyes

Uniting simple geometric forms for a vibrant, clean and contemporary design, GROHE Concetto Pull-Out features a solid metal, pull-out locking dual spray control that easily switches back and forth between regular flow and spray. An adjustable flow rate limiter ensures the potential for maximum environmental efficiency, while the EasyDock system guarantees easy retraction and smooth docking for the pull-out spray head, every time. Integrated GROHE SilkMove® technology makes one-finger control of both water temperature and volume effortless, even with wet hands.

With a dynamic design and superior ergonomics, Concetto Pull-Out creates a fresh, modern look that will add a contemporary touch to your kitchen.

GROHE ZEDRA

Elegance and harmony combined

GROHE Zedra combines contemporary design and maximum functionality with proven reliability for rigorous everyday use. The body flows elegantly into the wide swivel spout – a classic example of the GROHE design aesthetic – and now comes with an improved mechanism for retracting the pull-down spray

When every detail matters, the GROHE Zedra Pull-Down Kitchen Faucet with Triple-Function Spray Head has the sleek, contemporary look and innovative technology essential in today's home. This slim, streamlined design features a distinctively flared, ergonomic spray head to provide in-hand comfort when switching between three spray functions: regular stream for filling pots, shower spray for rinsing the sink or washing fruit, and a powerful blade spray to quickly clear food from plates. The GROHE Zedra Pull-Down Kitchen Faucet with Triple-Function Spray Head comes in two high-quality finishes: our high-gloss GROHE StarLight® Chrome or the durable GROHE SuperSteel InfinityFinish™. Whichever you choose, GROHE SilkMove® will ensure long-lasting, smooth movement.

GROHE MINTA®

The timeless classic: modern, attractive and versatile

GROHE Minta is available with a choice of three striking spout versions that blend harmoniously into the modern kitchen aesthetic. Reminiscent of the graphic forms of the letters C, U and L, they feature a tubular swivel spout and pull-out mousseur or pull-out spray, while the comfortable height of the spout makes it easier to fill tall pots.

The elegant operating handle ensures easy and precise operation thanks to GROHE SilkMove® technology. GROHE StarLight® technology guarantees a long-lasting shine to the chrome finish. Users will particularly enjoy the ease with which water savings can be made using the patented GROHE EcoJoy™.

GROHE ESSENCE™

Cosmopolitan design

Clean lines and cylindrical modern design make GROHE Essence the natural choice for today's cosmopolitan kitchen. The extended comfort spout height embodies minimalist beauty in its purist form, while the pull-out dual spray with toggle function allows for seamless switching between spray and regular water flow. In addition, the forward-rotating lever handle eliminates backsplash interference. The new 28mm cartridge allows for a sleeker, more refined body, while the integrated temperature limiter can be individually set to the desired maximum water temperature to prevent scalding.

Encompassing minimalist beauty in its purist form, GROHE Essence is understated elegance with refined innovation. It is available in the deep and lustrous GROHE StarLight® Chrome, SuperSteel InfinityFinish™, Hard Graphite, Polished Nickel InfinityFinish™ and Brushed Cool Sunrise.

30 306 001/DC1
Dual spray pull-out

GROHE EUROS^{MART} PULL-OUT

For modern lives

The new GROHE Eurosmart combines practicality and distinctive design to provide unrivalled performance and uncompromising style. Including an integrated temperature limiter that sets a maximum temperature to avoid scalding and EasyDock technology for easy retraction; GROHE Eurosmart provides effortless control for even the busiest kitchen. With an elegantly curved spout and solid cylindrical body, the new Eurosmart is a good-looking central feature in your kitchen that is also dependable, time after time.

GROHE DEFINED™ KITCHEN

A legacy of precision and beauty

The GROHE Defined Kitchen Faucet presents transitional design at its best. Combining traditional curves and clean, contemporary lines, this exquisite style is masterfully executed with minimalist proportions outside and superior performance inside. Featuring a pull-down spray head with stream and spray functions, Defined makes every task easier while adding unmistakable style and distinction to the kitchen.
