# NextGen™ Selectronic® Integrated Faucet

## FEATURES:

**NEW SmarTherm™ Safety Shut-Off\*** automatically protects user from scalding. ASSE 1070 certified. Eliminates the need for a separate thermostatic mixing valve

**Above-Deck Mixing** handle allows the user to adjust water temperature for their comfort

**Integrated Design** with electronics in the faucet spout. No control box or clutter below the deck

### Easy Installation and Maintenance Saves Time and Money

Faucet installs from the top. All serviceable parts are easily accessible with the cover removed

**Hygienic**, touch-free operation with programmable Selectronic sensor

### Water-Saving Flow Rate Options (All Vandal-Resistant)

- 0.35 and 0.5 gpm multi-laminar spray
- 1.5 gpm laminar flow outlet with adjustable spray face

### Selectronic Platform with interchangeable power kits

- Low power electronics deliver longer battery life

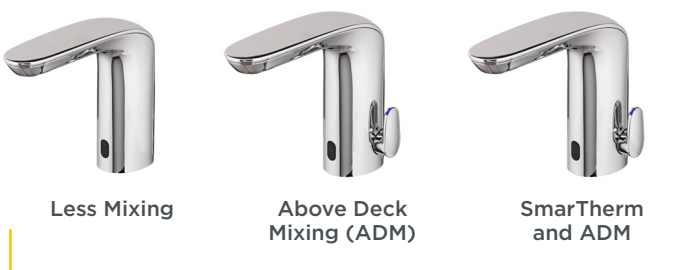

**CR-P2 Lithium Battery**—5-year battery life

**PWRX™ Battery System**—13-year battery life

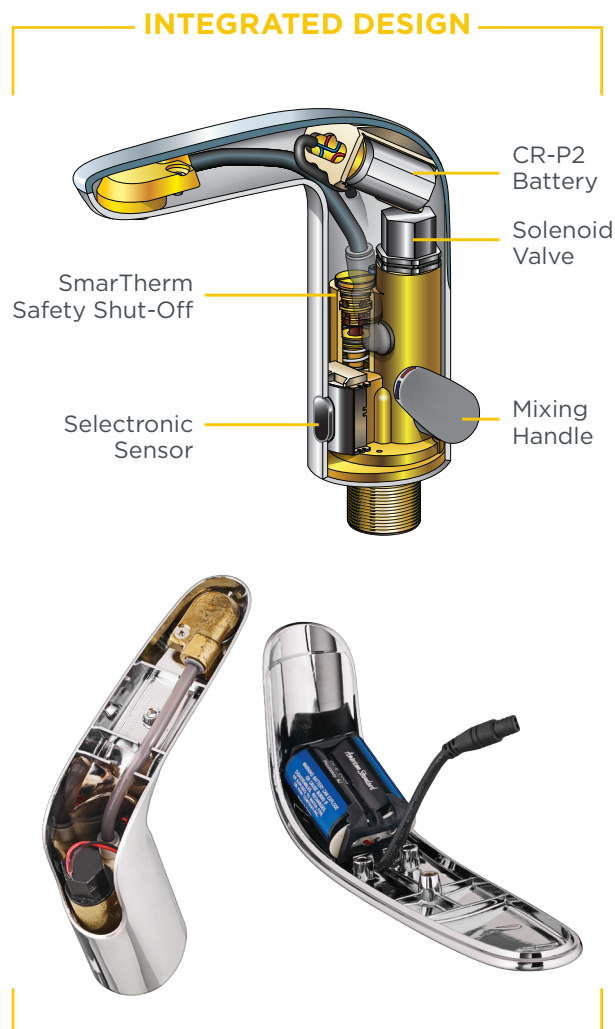

**Flexible AC Options** - Plug-In, Hard Wired and Multi-AC (AC power supply sold separately)

**Multi-AC:** One AC power supply can power up to 15 faucets and/or flush valves in a daisy chain configuration

**NEW Battery Backup**—faucet or flush valve continues to operate flawlessly when AC power is lost

Temperature Control Options

Remove Cover Screw to Change Battery or Service Solenoid Valve

**SmarTherm™**
